Technical Bulletin: #98-0001
Subject: Crown Torque Generators
Manufacturer change made by Crown

Effective June 3, 1996 Crown trucks manufactured with the 92642 (000 301-2303) gerotor type torque generator will instead be equipped with a 118443 (000 301-2306G) geroler type torque generator. This generator was utilized on the following trucks.

New manifold blocks are required to accommodate the new port configuration on the new geroler type generators. When requiring a replacement torque generator, **order one each 118443 (000 301-2306G) New Style Torque Generator plus one of the following kits depending on your model.**

RC and RR, Pre3000, RS, & RD Trucks:
